

# Corporate Membership

Support the work of the Science Museum of Minnesota and engage your employees in their community by joining our Corporate Membership program. Corporate Members enjoy exclusive access and event benefits. All membership levels include a communications toolkit for promoting your benefits within your company with information for employees on upcoming exhibits, events, and features at the museum. Plus—all reservation fees through our call center are waived when using a corporate voucher.

Your generous support will be publicly recognized on the Science Museum’s Corporate Membership webpage and in our Annual Report.
