Teacher Tips Stick in the Mud

Lesson 4
Evaluating a Landscape

• Students may struggle with the idea that there is no one “perfect” site for the TarPul; each of the sites has advantages and disadvantages.
  o Help students to recognize how each score impacts the other scores.
• Color-coding the EDP steps on the EDP image and corresponding worksheets can help reinforce the process and make worksheets easier to differentiate
  o Use purple for Ask, orange for Imagine, etc.
• For final design and memo: have each group share out their choice and why they chose.
