

REGIONAL TOURS

We're coming to your neighborhood!

The Science Museum is committed to bringing science education to every county in Minnesota. Near or far, we'll come to you!

To help make a visit from the Science Museum more economical for your school, we've created a schedule for regional tours of the state for the coming school year. If you book your Assembly during the week of your region's tour, you won't have to pay a travel fee. Team up with other schools in your region for Assembly programs on the same day and each school will receive a discount. See you on the road!

2019 REGIONAL TOUR LOCATIONS/DATES

Region A: February 18–21

Region E: January 21–24

Region B: February 11–14

Region F: January 14–17

Region C: February 4–7

Region G: January 7–10

Region D: January 28–31

STANDARDS DATABASE

As you know, being a teacher requires lots of planning and preparation. Our Standards Database can help! Visit our online offering and see how grade levels and Minnesota Academic Standards strands are matched to specific exhibits, programs, and resources at the Science Museum. smm.org/standards
