

***Rocky Mountain Express* Omnitheater film at the Science Museum of Minnesota**

October 13, 2017 – January 4, 2018

What: *Rocky Mountain Express* Omnitheater film

When: Opens Friday, October 13, 2017

Media Screening: Wednesday, October 4, 9 a.m.

Media and guests are welcome.

Please RSVP to Sarah Imholte (simholte@smm.org) Friday, September 29.

Where: William L. McKnight-3M Omnitheater, level 5
120 West Kellogg Boulevard, downtown St. Paul

Details: *Rocky Mountain Express* will take Omnitheater viewers on a present-day steam train journey through the breathtaking vistas of the Canadian Rockies and tell them the extraordinary – and seemingly impossible – story of the building of the Canadian Pacific Railway, the nation’s first transcontinental railway.

Visitors will ride the rails along deep river canyons and over high mountain passes. They’ll discover some of the most beautiful and rugged landscapes on Earth and join in the human drama and epic engineering project that united a nation and shaped a continent.

Additional media information and images from *Rocky Mountain Express* are available for media use. Please visit www.smm.org/media.

B-roll is also available. Contact Sarah Imholte for access (simholte@smm.org).

Visitor Information: After its October 13 opening, *Rocky Mountain Express* will run daily in the Omnitheater. A complete list of show times and ticket prices are available at www.smm.org or (651) 221-9444.
